**Subject:** letter of recommendation

Dennis Alfredson is an exceptional engineer who **hanlded** our 6-lot subdivision with remarkable speed and expertise. Dennis was able to create a wonderful design that made perfect sense for both King County and the city of **Renton**. Mr. Alfredson was recommended to us by King county as a proven professional and there is no doubt that he commands much respect by the county's planning officers and inspectors.

He fought effectively for our rights which subsequently resulted in substantial savings for our company. In addition to his experience and expertise Mr. **Alfredson** has a great network of excellent professionals such as biologists, surveyors etc.

There is no doubt that we will use Mr. Alfredson for all of our company's future projects as he has proved to be a great professional who has been instrumental in our success and has always been easy to reach any time of the day.

Thank you Dennis,

Max Lissak,
